

Roush Descendant List for Broad Run Cemetery

The following is extended from pages 60-61 of **History of the Roush Family in America** by Rev. Lester Le Roy Roush, A.B., printed by Shenandoah Publishing House, Inc, Strasburg, VA. 1928. It is available at the following web address:

<http://search.ancestry.com/search/db.aspx?dbid=23647>

These primary 8 people below are children of **John Roush (1711-1796) and Susannah (-1796)**, see pages 51-74. Names in **Red** have graves in the Broad Run Cemetery, Mason Co, WV. Pages numbers e.g. p123 are from the above cited book. Additional entries have been created based on WV Vital Records, Census Records, Obits, etc. This is by no means meant to reflect the entire Roush descendants from John Roush and Susannah, but only to clarify the relationships of those who are buried in Broad Run Cemetery **and** are: (1) descendants of John and Susannah, or are (2) spouses of those descendants. In many cases, the spouses are also descendants of John and Susannah.

Obviously, some additional tombstones in the Broad Run Cemetery have not yet been related to the below Descendant List. As time permits and additional information comes to light, efforts will be made to update this list. Several tombstones for people born after 1940 are in this state.

 - Per Estella Mae King's DC, Quincy King's wife was Estella Mae Grimm, not Stella Goodnite and to further confuse matters, Quincy King's MC shows her as Miss Stella Mae Graham. It's possible the name Grimm could have been recorded incorrectly as Graham (they sound familiar with a Southern accent). I presuming her DC is the most accurate document (informant was her daughter, Garnet King Clarke). Use information under section 4.7.1.9.2 for Quincy King and Estella Mae Grimm instead of the preceding for the ancestry of the following children.
